## **SPCRC: THE ASSOCIATION FOR STUDY NURSES AND STUDY COORDINATORS**

---

Dear colleagues and friends,

It is our great pleasure to invite you to the 3<sup>rd</sup> congress of the Swiss Professionals of Clinical Research Coordination which will take place at the Hotel Olten on Friday, November 08<sup>th</sup>, 2019.

A faculty of renowned speakers will address crucial topics and enhance our knowledge in important areas of our professional work.

The friendly and relaxed attitude of the congress will give you the great opportunity to informally meet speakers and colleagues, discuss challenges we are facing in daily work and exchange ideas. In addition, you have the opportunity to become a member of the Association of the Swiss Professionals of Clinical Research Coordination.

And although the focus will be on a stimulating professional meeting, the congress is not only about education and engagement in professional development; it is also about networking, meeting old friends again, and making new friends. There will be opportunities for exchanging ideas and socializing during the coffee breaks, the delicious meal at lunch and the apéro at the end of the congress.

### **Welcome to the National Congress for Study Nurses and Coordinators 2019!**

For the steering committee SPCRC

**Esther Seeberger, congress chair**
