Choosing Wisely Switzerland

Association founded on June 12th, 2017

Founders:

The Swiss Society of General Internal Medicine

The Swiss Academy of Medical Sciences

The Swiss Association of Health Care professionals

The 2 Swiss Associations of patients

The 3 Swiss Consumer Associations

Partners: - medical societies, hospitals, health care institutions, ...

Aims:

1. To sensitize all key players in the health care system to overuse and to « less can be more »
2. To embark them, as well as patients, consumers and the lay public through targeted or large scale media campaigns.
3. To publish Top-5 lists or to promote them.
4. To support all « Choosing wisely » initiatives in Switzerland.
5. To serve as an interface with Choosing wisely international.
