

Seminars in Biomedical Neurosciences 2014 – 2015

Place Ospedale Civico di Lugano, Biblioteca Neurocentro, 1st Floor
Time Wednesday, 17H15 - 18H15

29th October 2014	Protein Misfolding and Neurodegeneration Dr. phil Paolo Paganetti, Neuroscience NSI, Taverne Host: A. Kaelin, Neuroscience NSI
10th December 2014	Understanding Fatigue in Multiple Sclerosis with fMRI Dr. Emanuele Pravata, Neuroradiology NSI, Lugano Host: A. Cianfoni, Neuroradiology NSI/C. Gobbi, C. Zecca Neurology NSI
28th January 2015	Deep Brain Stimulation of the Peduncolopontine Area to Treat Parkinson's Disease: a Decade of Illusion? Dr. Alessandro Stefani, Dipartimento di Medicina dei Sistemi, Università degli Studi di Roma Tor Vergata, Roma Host: S. Galati/C. Städler, Neurology NSI
18th February 2015	Transcranial Magnetic Stimulation in Neurorehabilitation: Funny Tool for Research or True Therapeutic Option? Prof. Dr. Thomas Nyffeler, Head, Center of Neurology and Neurorehabilitation, Canton Hospital, Lucerne Host: A. Kaelin, Neuroscience NSI
25th March 2015	Facial Expression of Emotion Prof. Dr. em. Christian W. Hess, Former Chairman, Dept. of Neurology, University of Bern Host: A. Kaelin, Neuroscience NSI
8th April 2015	Non-Genomic Modes of Inheritance in Mice: Epigenetics of Acquired Traits Prof. Dr. Isabelle Mansuy, Lab of Neuroepigenetics, UniZH/ETHZ, Brain Research Institute, Zürich Host: P. Paganetti, Neuroscience NSI
6th May 2015	Molecular Insights into Human Circadian Behavior Prof. Dr. Steven A. Brown, Chronobiology and Sleep Research, Institute of Pharmacology and Toxicology, University of Zurich Host: S. Fulda/M. Manconi, Sleep Laboratory, Neurology NSI
3rd June 2015	Modulation of Striatal Gene Expression in Parkinsonian Rats with L-DOPA Induced Dyskinesia S. Sgroi, PhD student, Neuroscience NSI Host: P. Paganetti, Neuroscience NSI

Organization

Neurocenter of Southern Switzerland

Dr. phil. Paolo Paganetti & Prof. Dr. phil. med. Alain Kaelin
